W e were a part of the greatest natural disaster of all time. Hurricane Katrina came in just after my wife and I made our breakfast on Monday, August 29 and lasted all the way until 8 PM that evening. I have never been in anything like it or have witnessed in the last week. We were without lights for several days, several of his large limbs fell off our trees and the yard is still a mess as I write this tonight.

We had not done a story in New Orleans in six years but all of a sudden we got an invitation to come over and cover John and Carol Arnott at Victory Life Fellowship. When I was 10 years old my father decided to take our family to New Orleans to see the Audubon Zoo. We stopped at an artesian well on Highway 90 and drank water that tasted like rotten eggs. This was before state 10 was built, it being in the process of being built. It was a big old hot city to me in the August sun of 1945 and I would take the same trip with my sons when they were 7 and 5 years old. We went to the Aquarium of the Americas. As of this writing I don’t know what happened to Frank and Parris Bailey at Victory Life. I do know that Victory Life Assembly of God made it through the storm, and that Frank and his wife had to evacuate. There are timely events happening and God is speaking very loud right now. Jesus is calling this nation to repentance and we are seeking to do just that. Kim Clement the prophet said that the next three months would see disaster in the United States but after that there would be revival.

Let me say right up front we have been weighed and found wanting on August 29. It was at the beginning of August that our President and State Department demanded that the settlements in Gaza be destroyed and the people be removed. Have we learned anything about our heritage with Israel. The one thread of hope that we have over our country is that we are close to God really doing more. Kim Clement the prophet said that the next three months would see disaster in the United States but after that there would be revival.

Amos 9:15 And I will plant them upon their land, and they shall no more be pulled up out of their land which I have given them, siath the Lord thy God.

A want to drive God’s people into the sea. There is a sure judgement that is going on against the United States of America if our State Department keeps forcing the Jews to compromise on their land that was given to them by God.

Pensacola, FL - The Brownsville Assembly of God closed the Brownsville Revival School of Ministry for the Fall of 2005. The school divided in the middle of the revival causing two schools to be established. Shortly after that division BRSM saw revival reentered the church through the school in February of 2002. Many felt that this was one of the Assembly of God’s best seminaries because of passion within the students.

He will heal people, where is the God that heals people? The way it was in the beginning is the way it is now.

That is the dispensation of the fullness of times he might gather together in one all things in Christ, both which are in heaven, and which are on earth even in him; In whom also we have obtained an inheritance, being predestined according to the purpose of him who worketh all things after the counsel of his own will. Religion and man began to water down this scripture, this is when you show the world a lesser God. He will heal people, where is the God that heals people. The way it was in the beginning is the way it is now."

FT. WORTH, TX - Pastor Steve Lee was the associate pastor of the church where the power of God fell during a Rodney Howard-Browne meeting in Clifton Park, New York.

Pastor Steve Lee spoke to the people at River Walk Church in Ft. Worth, Texas on the obedience of continue doing the purpose of what God had called you to do. “My precept purpose, cannot fail when I continue to do what God has asked you to do. Be obedient to what God has asked you to do. The revelation that God has given you to walk in must be walked out, it needs to become a part of your life. Many people want the next revelation from God but you must be obedient to what God has given you before you can receive that vision.”

“In Ephesians 1:10 this scripture, this is when you show the world a lesser God. He will heal people, where is the God that heals people. The way it was in the beginning is the way it is now.”

New Orleans South Wind

This South Wind would be a purifying wind, cause corruption to be blown on, and cause corruption to shake and initiate a righteous move starting with the children, then moving to the youth. We were to watch the government and the Catholic Church shake, and watch New Orleans change.

New Orleans Prophecy

Enough of this! For I will take the curses and the bodies will even rise and they will come forth on the water, but I will keep you and the stench of death will only last a few days.

Chuck Pierce

A published prophecy from August 29, 2004 by Chuck Pierce from his ministry called, Glory of Zion International Ministries. This is what Church Pierce prophesied in Louisiana last August in 2004: “In late August I was in Louisiana for a series of meetings promoted by Roger and Charlotte Merschbrock (our USSPN State Apostolic Coordinators for Louisiana) along with Larry and Brenda Bizette. Several of the prophetic words I released might be of particular interest to you at this time with the approach of Hurricane Ivan. Blessings, Chuck D. Pierce August 29, 2004. After Chuck discussed traveling from Wisconsin directly to Louisiana, he prophesied: “From the North to the South, I am ready to awaken two winds that will awake the nation. There are resisting forces in both states that will cause our nation to not move forward. Go up and down and decree that the wind of God will awaken in both places. The states will shift in a new way, or the nation will not shift and will go backwards.” Later when addressing the Saul structure in Baton Rouge, Chuck prophesied: “How the Saul structure collapses will bring Baton Rouge again to national attention. That alignment within it will collapse. A new demonstration with a new blueprint will be seen. This will be known as a meeting house. This will be known as a place where the Ark of the Covenant has dwelt. This will be known as a refuge place. The Wind and Water will rise in the midst of New Orleans. Many from the south will come north for refuge. Prepare. Prepare now for winds and water that will surprise you. I will renew the pattern not fully seen before. Worship will be here, and North Wind: come, O South Wind. Blow upon the garden of My people in Louisiana. There is a worship call. Get ready — the wind is about to blow. The river is changing courses. You will be one of the first that changes.”

Enough of this! For I will take the curses and the bodies will even rise and they will come forth on the water, but I will keep you and the stench of death will only last a few days. And then what I promised two years ago will come to pass for August, September and October of this year I made a promise it would happen, and God said be strengthened now, be strengthened now, for enough is enough says the Lord.”

New Orleans South Wind

Kim Clement

This is the prophecy given by Kim Clement on July 22, 2005 in Houston, TX.

On July 22nd, 2005, while in Texas ministering, I received a word from the Spirit which was spoken publicly at Christian Life Center in Humble, TX. Here is the word:

“Enough of past curses reminding you of yesterday’s failures. Enough of New Orleans and its treachery. Enough of stealing the Ark of the Covenant from my people just because you had those surrounding you that had no faith. Caleb said “we are able to take this land;” Joshua said “we are able to take this land.” But ten voices arose against the Lord God. And they would stone my servant Moses and say let us stone them and raise up another leader so that we may go back to Egypt. Would you go back to your dung? Would you go back to your vomit? O New Orleans God speaks to you from Houston tonight and says enough of this! For a judgment is coming says the Spirit of the Lord, and I will take the men that have stood in faith, raise them above the flood that shall destroy those that constantly bicker and stand against my servant Moses, or my servant Bilbo. I want you to understand there are great men in New Orleans that have faith, but you have been set aside not to lose but to win. Enough of this! For I will take the curses and the bodies will even rise and they will come forth on the water, but I will keep you and the stench of death will only last a few days. And then what I promised two years ago will come to pass for August, September and October of this year I made a promise it would happen, and God said be strengthened now, be strengthened now, for enough is enough says the Lord.”

Orbs & Oil
River Walk Church

Signs and wonders captured at River Walk Church: in the first picture above a woman captures a picture in the sanctuary of Pastor Steve preaching and in the middle of the shot you can see a trumpet coming out of his mouth. In the bottom picture the church van is coated with oil, the smaller picture gives a clearer view of that event.

FT. WORTH, TX -- All of a sudden on a Saturday evening someone comes up to you and says, "Pastor we have oil coming off the pillars in the back and oil is on the hand rails running down the bannister to the balcony. They walked out into the foyer and oil was coming down the book store window. Suddenly the oil has been appearing in several church members homes and just recently the church van was completely coated. God is showing his face at River Walk Fellowship in Ft. Worth, Texas.

Many of the church members during this time period began to take digital photography all over the sanctuary. These pictures began to reveal orbs of light around the pastor and throughout the entire sanctuary. For a while many people thought it might just be coming from one camera until the lights went out one Sunday. There was a lightning strike on one Sunday and someone had a camcorder in the congregation. While the lights were out Pastor Steve Solomon kept praying for people as they stood in line. While the camera man was over one individual a light orb was positioned over his hand, the moment the pastor spoke over the camera, notice that there were several orbs floating in the church, it was taken by flash photography but that many orbs shouldn’t appear in the camera with just one flash. The unusual activity of River Walk Church in Ft. Worth has been happening over a four month period and the new location was right on time. God was moving and Steve was obedient to follow His direction.

This church is an unusual congregation. It meets two days a week on Saturday night and Sunday morning. The power and the love through the congregation is incredible as many of the people are transformed in the desire of reaching the community. One of the main thrusts of the church is being sensitive to Pastor Solomon’s mouth. It is becoming apparent that something is going on in the house at River Walk Fellowship in Ft. Worth, Texas. Pastor Solomon went on to say, “We were really touched by the ministry of Rodney Howard-Browne when he came to Calvary Cathedral, that is still with us unto today. We were never the same after those meetings. These are some very unusual things and wonders happening here. We want all that God has to give us and we encourage our people to keep taking pictures and keep looking for the hand of God.”

On different occasions and on one of those occasions I about healing. Since these happenings have been going on their has been an increase in power and many people who have been coming to the altar have been healed of issues and their doctors are verifying those healings. To know what God is going to do is hard to say, but when their is a season like this in the church you wonder how much more is God going to show his face,” said Solomon.

Recently while people were taking pictures in the sacustary a woman in wheelchair that had a lot of motion to it. These are the types of pictures that you throw away but this was another unusual shot. Through the motion of the picture a trumpet can be seen around Pastor Steve Solomon’s mouth. It is becoming apparent that something is going on in the house at River Walk Fellowship in Ft. Worth, Texas. One young girl who is 13 years of age has been touched deeply by the events of this new anointing within the church. Charity Hope Sepulveda hands turns to pure oil on her fingers and palms during the altar call at each service. Since these happenings have been going on their has been an increase in power and many people who have been coming to the altar have been healed of issues and their doctors are verifying those healings. To know what God is going to do is hard to say, but when their is a season like this in the church you wonder how much more is God going to show his face,” said Solomon.

We observed people with physical ailments who were healed and others who had been healed of several illnesses. Diane Solomon said, “When
Following Rodney Howard-Browne

If you really want to know about the secret behind what drives Rodney Howard-Browne as a minister you would have to go all the way back to Port Elizabeth in South Africa and see how his mother and father prepared him for ministry when he was a child. Being touched by revival. It didn't matter the age, when the Holy Ghost and Rodney was through with them they were rolling on the floor and laughing. One Native America Mike Cody from Anadarka, Oklahoma said, "He touched my children in a way they have never been touched before. What ever was going on in Ramona will never be forgotten by my two daughters. My son began to experience the supernatural in a deeper way after those meetings. He is a one of a kind Holy Ghost evangelist. I don't think you can think anyone with more ambition to get the job done than Rodney. He doesn't explain away Holy Ghost Revival of the Baptism in the Holy Ghost, he believes that God is a supernatural God and the vision that Jesus has for the whole world is to bring forth revival in a Supernatural way.

While preaching a sermon in January Campmeeting at the River Church Rodney said, "If you've been mocked, or ridiculed several that night who were there were shocked at his answer but we have seen that in the Spring and this Summer many of the people who are coming to the Rodney Howard-Browne meetings are experiencing revival in their home churches. One church that experienced revival in the early days of 1994 in Louisville was Heritage Fellowship in Florence, Kentucky. Pastor Cleddie Keith said this before revival touched his church, "If we don't experience revival I'm going to disgrace heaven with my tears and cry for a hundred years." That will never happen, revival did touch Heritage Fellowship and since 1994 they have held revival services in the church every Friday.

We were saddened to hear about the death of Rodney Howard-Browne father this month. Derrick Howard-Browne was the subject of many of Rodney's messages. Rodney spoke about his father in this way, "We were always at church, we couldn't escape and if we were praying, but it is what has made me what I am today." If you really want to know about the secret behind what drives Rodney Howard-Browne as a minister you would have to go all the way back to Port Elizabeth in South Africa and see how his mother and father prepared him for ministry when he was a child.

The Remnant has spoken to many people and has said this about Rodney's ministry. "If you want to trace the modern River moves of God in this country then you would have to go all the way back to a store front church in Clifton Falls, New York when they started laughing. You can trace the Toronto Blessing and the Brownsville Revival all the way back to this one event that happened in 1989. Rodney Howard-Browne is the Father of the River move of God in North America. When he played church as a little boy in bedroom with his brother, Rodney would be in the middle of his make believe service and open the window and call to his brother, "I've got to go to America, I'll be back later." When Rodney was a child his vision of America came when a Cowboy from Western America came to the church, from that moment on Rodney knew he had a destiny to fulfill in America.

From January of this year until now we have seen the miracles and the move of God come through his servant Rodney. We would encourage anyone who is near one of his meetings to go and see. This man holds the power for true Pentecostal Revival. The loss of his father has only strengthened his resolve to touch the face of God. Pray for his new outreach in South Africa that it will be a success in Good News Manelodii.
Steve Solomon Was Touched By The Power of God For Healing

by Jerrell Miller
Editor of The Remnant

Ft. WORTH, TX -- He was born a Jew in Boston, Mass., but nothing about eternal life. Steve Solomon found himself singing in some of the best praise and worship spots in the city such as Las Vegas, Miami, Orlando and New York. He was a professional entertainer. He had a headliner with a smooth voice, but he had a tremendous void in his life that started him searching for the truth in some strange places.

His final path led him to another Jew named Jesus!

"Diane and I were married for four years and we hit a rough spot in our marriage. I began to search out spiritual things but in the wrong places. I was into transcendental meditation. Diane would take him out of the ball of fire. His right hand came out from the ball of fire and pushed me back, I saw His hand and felt it and I heard His voice and he said, ‘Yes I Am! What you are doing is wrong, stop what you are doing now and follow Me.’"

I asked if the God of Abraham, Isaac, and Jacob was real, being a Jew and being raised that way I was seeking the truth. Then I asked is Jesus Christ who He says He is? It was at that time that I went into a vision, I was caught up and saw a ball of fire. His right hand came out from the ball of fire and pushed me back, I saw His hand and felt it and I heard His voice and he said, ‘Yes I Am! What you are doing is wrong, stop what you are doing now and follow Me.’

Testament I found out all these guys were Jews, Matthew, Mark, Luke, John and Paul. You really begin to realize as a Jew that you are totally blinded to the truth. When the bible says he blinds their eyes, Christian’s have no realization of where most Jews are at concerning the spiritual things of the Cross. I was totally blind toward the truth, but my dear man had been brought into my life with me with my new faith. Elder Thomas had given me a book to read, I was so stirred I read it in one setting and gave it back to him. Something strange happened while I was reading the book, the wind didn’t blow in Florida during July but while I was reading the book the wind began to blow through the house where we lived. Shortly after I finished the book I was praying and fell asleep, while I was asleep I saw William Branham in a meeting preaching. Then I saw the Lord standing next to me and he said, “Stretch forth thy hand to heal the sick.” I woke up and my whole body was on fire. Lord, give me a scripture to know that this is you speaking to me.

Deuteronomy 2:7 'For I have blessed all the works of thy hand. Then I pressed the Lord and he spoke to me again prophetically. Exodus 19:5, so I turned my bible to that scripture and it said, Exodus 19:5 'Now therefore, if ye will obey my voice indeed, and keep my covenant, then ye shall be a peculiar treasure unto me above all people: for all the earth is mine. It was clear that God wanted me to pray for the sick. The have always seen a lot of things happening but since we have seen this oil at the church, Lord spoke to me in my spirit by stepping out more in the working of miracles and the gifts of healing.

Steve Solomon has never had any formal training in seminary. A good friend name Elder Thomas brought me books about W. V. Grant, Sr. and Gordon Lindsey. “We looked at a couple of bible schools but it never worked out. I had a college education and the Holy Ghost, that was enough for me to go forward in this work. I know now to study because of college so I just taught myself the scriptures in the King James Version.

We started healing, and giving my testimony, mainly in the Four Square Churches on the East Coast. Our first meeting we had at Central Four Square Church started on a Sunday, and we ended up going nine weeks seven nights a week. We had several people healed during that first meeting.” Steve felt at home with the call that had been placed on him. Diane said years later at a family reunion in Alabama one of the family members remembered her Alabama grandmother saying that she had seen a little Jewish boy was going to be part of the family. The vision and the work God has given this man came from a long line of the Jewish priesthood. Steve Solomon had a Leviticus and it could be traced back to his family the land of Israel. “It’s strange we went to Israel and a week before Prime Minister Yitzhak Rabin was assinated we were talking about Israel and some of the issues there and someone suggested that we should talk to Yitzhak Rabin. I said, ‘there’s no sense talking to him, he’s not going to be around much longer.’ We had no knowledge of what was about to happen, I believe God spoke through me at that time prophetically. I never used my Jewishness in ministry, I’ve been called to the gentiles, but if God wants me to minister to the Jews I sure be obedient when he calls. While I know that I am a Jew, I don’t consider myself any more special than the next person, but I do know that I have a Jewish heritage and it does mean a lot to me personally.”

God’s servant Steve Solomon was called while he was seeking the truth. What he knows about the truth today is that to be found in the favor of God and in the will of God are the two most important things in a person’s life. At River Walk fellowship in Ft. Worth, Texas the glory of God is being revealed in God’s servant. Pastor Steve Solomon is witnessing the events of the end time in his church through signs and wonders. This true Levite Priest has found Jesus and his work is increasing by the day.
Accurate History Concerning Peace For Land In Israel

Gambling casinos took a hit on the day that Arafat left the country, the storm begins to dissipate. And as America forced Israeli out of parts of their land, hurricane Katrina was building in the Atlantic. A Fox reporter said, “It must be an emotional experience (for Americans) to walk away from their homes and not ever live in them again.” Same with those forced out in Israel. Israeli homes are being demolished as Gulf Coast homes are demolished.

This was America’s greatest evacuation. Now we have “refugees”.

Israelis were evacuated and many are refugees living in tents and refugee centers, thanks to America. The Israeli uprooting will affect their entire economy in that some of their finest produce which was exported is now left behind.

America’s economy could face a steep recession as oil processing refineries were damaged. Plan to see price increases within days. Will this bring our economy down? Major industries will be affected from food delivery, jet fuel, travel, insurance, and so much more. The “ripple effect” of skyrocketing gas prices.

1. October 30, 1991: The Perfect Storm - As President George H. W. Bush is opening the Madrid (Spain) Conference to consider “land for peace” in Israel’s Middle East role, the “perfect storm” develops in the North Atlantic, creating the largest waves ever recorded in that region. The storm travels 1000 miles from “east to west” instead of the normal “west to east” pattern and crashes into the New England Coast. Thirty-five foot waves crash into the Kennebunkport home of President Bush.

2. August 23, 1992: Hurricane Andrew - When the Madrid Conference moves to Washington DC and the peace talks resume, Hurricane Andrew, the worst natural disaster ever to hit America, comes ashore and produces an estimated $30 billion in damage and leaves 180,000 homes in Florida.

3. January 16, 1994: Northridge Earthquake - President Bill Clinton meets with Syrian President Hafez al-Assad in Geneva. They talk about a peace agreement with Israel that includes giving up the Golan Heights. Within 24 hours, a powerful 6.9 earthquake rocks Southern California. This quake, centered in Northridge, becomes the second most destructive natural disaster to hit the United States, behind Hurricane Andrew.

4. January 21, 1998: Lewinsky Scandal - Israeli Prime Minister Benjamin Netanyahu meets with President Clinton at the White House and is coldly received. Clinton and Secretary of State Madeleine Albright refuse to have lunch with him. Shortly afterwards on that day, the New York Times exposed the Lewinsky scandal breaks into the mass media and begins to occupy a major portion of Clinton’s agenda. The affair lasted for 18 months.

5. September 28, 1998: Hurricane George - As Secretary of State Albright works on the final details of an agreement in which Israel would give up 13 percent of Yesha (Judah and Samaria), Hurricane George slams into the United States Gulf Coast with 110 mph winds and gusts up to 175 mph. The hurricane hits the coast near Galveston. On October 28, Clinton meets with Yasser Arafat and Netanyahu at the White House to finalize this land deal. Later, Arafat addresses the United Nations about declaring an independent Palestinian state by May 1999, as Hurricane George pounds the Gulf Coast, causing $1 billion in damage. At the exact time that Arafat departs the country, the storm begins to dissipate.

6. October 15-22, 1998: Texas Flooded - On October 15, 1998, Arafat and Netanyahu meet at the Wye River Plantation in Maryland. The talks are scheduled to last five days with the focus on Israel giving up 13 percent of Yesha. The talks are extended and conclude on October 23. On October 17, awesome rains and tornadoes hit southern Texas. The San Antonio area is deluged with rain. The rain and flooding in Texas continue until October 22 and then subside. The floods ravage 25 percent of Texas and leave over one billion dollars in damage. On October 21, Clinton declares this section of Texas a major disaster area.

7. November 30, 1998: Market Capitalization Evaporates - Arafat comes to Washington again to meet with President Clinton to raise money for a Palestinian state with Jerusalem as the capital. A total of 42 other nations were represented in Washington. All the nations agreed to give Arafat $3 billion in aid. Clinton promised $400 million and the Arab states $1.7 billion. On the same day, the Dow Jones average drops 216 points, and on December 1, the European Market had its third worst day in history. Hundreds of billions of market capitalization were wiped out in New York and Europe.

8. December 12, 1998: Clinton is Impeached - As Clinton lands in the Palestinian-controlled section of Israel to discuss the “land for peace” process, the House of Representatives votes four articles of impeachment against him.

9. May 3, 1999: The Powerful Super Tornado - On the day that Yasser Arafat is scheduled to declare a Palestinian state with Jerusalem as the capital, the most powerful tornado storm system ever to hit the United States sweeps across Oklahoma and Kansas. The winds are clocked at 316 mph the fastest wind speed ever recorded. The declaration is postponed to December 1999 at the request of President Clinton, whose letter to Arafat encourages him in his “aspirations for his own land.” He also writes that the Palestinians have a right to “determine their own future on their own land” and that they deserve to “live free, today, tomorrow and forever.”

10. Week of October 11: Hurricane Earthquake and Dow Collapse - As Jewish settlers in 15 West Bank (Israel) settlements are evicted from the covenant land in Israel, the Dow-Jones financial averages lose 5.7 percent in the worst week since October 1989. On October 15, the Dow lost 266 points, and a hurricane slams into North Carolina. On the next morning, October 16, a magnitude 8 earthquake rocks the southwest in the fifth most powerful earthquake in 20th Century. The earthquake was centered in the California desert and did little damage but was felt in three states. “In John McFerran and my book, I the Blessing or the Curse,” we identify events that occur on the same-day Israel was strongly advised or forced to give up her covenant land by the United States or others. The above gives one an idea of the magnitude of these events.

I am going out on a limb with what I am about to say. It may strike a nerve, and I am sorry if that does happen. But in these days people must hear the TRUTH, even if it is uncomfortable. I know, as this country has pushed the “roadmap to peace” in Israel that forced the country there would be dire consequences. And as I watched the people of Gaza Strip driven from their homes, I knew in my spirit there would be very swift (within a few weeks or best) consequences for those who call upon the Name during those days and be saved. So pray that people will open their eyes and call upon Him.

I certainly don’t pretend to know all the ways of the Lord, but this seemed pretty clear. In these days let us all seek the Lord while He can still be found. My love to you all.

~Amy Methvin.

I hope this will give us all better understanding of the verses in Proverbs 3:5-6 “Trust in the Lord with all your heart, even if it is uncomfortable, In these days let us all seek the Lord while He can still be found. My love to you all.

NEW ORLEANS, LA -- It was a hot July day in New Orleans when Pastor Frank Bailey invited me to come to his city to cover John and Carol Arnott on 7th and 8th in the month that would change the destiny of New Orleans forever. I was right next to the Luey P. Long Bridge. Outside my hotel room a railroad trestle always had cars on it as they go high and lifted up over the Mississippi River. This afternoon I had lunch with Howard Walden the dean of the school of ministry at Victory Life Fellowship on Airline Highway. Frank & Parris Bailey and Howard Walden are all natives from New Orleans within the month their lives would change from the pattern ministry of the church to being placed in another land. Perhaps they felt like the children of Israel as they were moved to Babylon without choice into a place that wasn’t their familiar home.

We had not done a story in New Orleans in six years but all of a sudden we got an invitation to come over and do a story on the church, I didn’t think I would be doing a story like this one. You see they had everything planned for the future. Frank and Howard Walden were very proud of their Bible School, and what they told me about it made me want to be a part of the school. How can you predict the future, no one knows the time we have in ministry and the time we have on this earth. I’m sure Victory Life Fellowship will rise from the ashes. To say it will never be the same is in some minds a negative thought but if you have read the prophecies in this paper on page five then you would understand that Frank and Parris Bailey will come back to set the stage for New Orleans to have full revival.

When I was having lunch with Howard Walden the Associate Pastor and Dean of the school at Victory Life I could hear in his voice that this was home and he loved the New Orleans area very much. Who could know such a Katrina Couldn’t Stop The Fire At Victory Life

Pastor Frank Bailey speaks to his congregation at Victory Life Fellowship in New Orleans on Oct. 7, 2005 just 22 days before Katrina.
Ft. WORTH, TX --

This is a book that has the moods and the feelings of life. Despite the overcoming nature that is in us as Christ’s Ambassadors in this world there is still a memory of those events and things that have touched our lives. Maudine Cole has allowed us to see life through her eyes and the expression of pain, joy and the power of God is found in *Once And Again*.

This is an unusual book because of how Maudene has chosen to do it. When I studied English Literature in College, I understood how she feels as a human being. This is a great gift to one who wants to minister the reality of life to those who are hurting. For more information of the book call 817-577-9673.

If you read this newspaper long enough you will see how this editor sees life. The same thing is going on in Maudene Cole’s book and it is valuable to anyone who reads it. Losses at an early age have very often turned an entire city to Christ. One man, Robert Murray McShane, who only lived to be 30 changed all of Scotland after his brother’s death. He chose to live a life of prayer and holiness after his brother’s death, that life of holiness changed the atmosphere of everyone who was around him. This book is very similar in style and fashion. God moves through the writer’s pen and the honest in the style of this written work is refreshing. Maudene deals with anger, she says at one time that when she is angry she can write very forcefully at the time.

One of the dearest moments of the entire book is Maudenes expression toward her family and a sister who died just two days before her birthday. The anguish of death is written in open expression. Not only does Maudene write about her feels, she also writes about the experience of death that her family is going through. Maudene’s sister Catrina died at a young age of 24.
